Keeping warm if the Power Goes out

Prepare to stay warm if the power goes out in your winter wonderland. The freezing rain, ice, and snow of winter storms topple trees and knock down power lines. Here are some tips on how to be prepared.

- *Check your emergency kit: Include a flashlight, batteries, water, food, medication, cash, first aid supplies, and extra clothing, blankets or sleeping bags to stay warm.*
- *Have a different way to charge your phone or any device that requires power.*
- *If you rely on anything that is battery-operated or needs electricity like a medical device, determine a backup plan.*
- *Close off unused rooms to consolidate and retain heat.*
- *The power may be out for a prolonged period. Plan to go to another location (the home of a relative or friend, or a public facility) that has heat.*
- *Only use generators outside, away from your home and NEVER run a generator inside a home or garage or connect it to your home's electrical system.*

CONGRATULATIONS TO ARMANDO ALVAREZ

Armando has been awarded the
“Shining Star Award”
from Motel 6 for his excellence on the job.
